Hartford, CT 06106

Request for Appeal Hearing

My name is _____ and I currently have an application for a 60 Day Temporary Permit to Carry Pistols and Revolvers pending with the _____.
(local issuing authority)

I made proper application for a Temporary State Permit to Carry Pistols or Revolvers to the _____ on the _____ day of _____, 20____.
(local issuing authority) (day) (month)

The DPS-799-C was submitted with all required information filled out. Included with the application was written verification that a course of instruction approved by the Commissioner of Public safety was completed, verification of my legal status in the United States, two sets of fingerprints, and checks payable to the appropriate entities required by section 29-30 of the Connecticut General Statutes to cover costs of the application and relevant background checks. Since I have been discharged by the United States military, I also included a copy of my DD-214 in my application.

Eight weeks have passed since submitting my application and my application has not been approved or denied in accordance with Section 29-28a (b) of the Connecticut General Statutes.

Additionally, I have not been provided with a reasonable explanation for the delay in making a decision on my application.

In accordance with the recent Second Circuit Court of Appeals decision in **Spinelli v. New York** which was rendered by the court on August 31, 2009, I request a prompt and timely hearing before the Board of Firearms Permit Examiners on the issue of my application.

I will notify the Board immediately if my application is approved by the _____.
(local issuing authority)

Respectfully,
